## CONDITIONS OF SALE

---

1. The Cattle will be exposed separately according to the numbers in the following Catalogue. The Auctioneers reserve the right to refuse any bid without assigning any reason. The highest offerer of each lot will be preferred to the purchase (subject to Article 3)—each offer exceeding the former by at least one guinea. All entries must be clearly tattooed in the ear with their correct tattoo letters and numbers in accordance with the Regulations of the Shorthorn Society, and any animal found not being so tattooed will be reported to the Directors of the Scottish Shorthorn Breeders' Association, and such animal may be rejected from the Show and Sale. Twins must be so described, also whether twin with a bull or heifer.

2. The pedigree of each animal is guaranteed to be correct and registered or accepted for registration in Coates' Herd Book by the person whose name appears as the Exposer, but every animal is sold subject to all faults otherwise, with the exception that if a bull has only one Testicle down, the Owner must make intimation to this effect in the Catalogue. No liability whatever is undertaken by the Auctioneers for the statements appearing in the Catalogue or made at the Sale. The Exposer who supplies such statements is alone responsible for any error or mis-statement. Animals affected with any disease of an infectious nature or animals out of an infected Herd are strictly prohibited from being brought to the premises occupied or used by the Company at the time and should any such be brought, the Owner or Consigner will be held responsible for all damage or loss occasioned thereby.

3. The Exposers reserve the right to fix a reserve price, and to announce same before the bidding begins or during the time of the bidding or at the conclusion thereof. The right to bid by or on behalf of the Seller in terms of the Sale of Goods Act, 1893, is expressly reserved. Every animal must be the *bona fide* property of the Exposer at the time of Sale.

4. Immediately after each purchase is declared, the risk of the animal shall be exclusively with the Buyer, and it is declared that until a settlement shall be made in terms of these Conditions the delivery of the animal shall be suspended. The right of property shall not pass until the price is paid.

5. Immediately after the Sale all lots must be paid for in cash to the Auctioneers. The price being paid, each lot shall be taken away at the Buyer's expense within one day after the Sale thereof. Lots shall only be removeable from the Auctioneers' possession on a written order from their clerk, and any lot removed in contravention of this condition may be recovered *brevi manu* by the Auctioneers.

6. Should any buyer fail to pay for and remove his purchase in compliance with the above Conditions, the Auctioneers in their option may either (a) sue the Buyer for the price and interest thereon at the rate of *Six per Centum*

*per Annum* and for the keep of, and any other expense incurred by them in connection with such purchase, or (b) re-sell the Lot either publicly or privately and recover from the defaulting buyer the deficiency (if any) attending such re-sale and interest thereon as aforesaid together with the keep and all other expenses. In either case, the Auctioneers shall have the right to sue at their own instance without the consent of the Owner or Consigner, and no defence whatever in such action shall be competent to the Buyer who shall have recourse against the Owner or Consigner alone.

7. If any animal be sold with the option to "Test," such condition shall not operate to suspend the sale or the passing of the risk but shall have effect only as follows:—

- (a) The condition shall be provable only by entry in the Auctioneers' Sale Roll.
- (b) If the option to re-test is given, the Purchaser may require the Single Intradermal Comparative Test for Tuberculosis. The Purchaser may also require the animal to be submitted to the Agglutination Test for Contagious Abortion at a laboratory approved by the Ministry of Agriculture, Fisheries, and Food, and if a test for Johne's Disease is required, it shall be the Complement Fixation Test for Johne's Disease to be carried out at the Weybridge Laboratory of the Ministry of Agriculture, Fisheries, and Food. Notice in writing of the intention of the Purchaser to carry out such tests must be given to the Auctioneers before, or immediately after, termination of the Sale.
- (c) The test shall be made by a Veterinary Surgeon to be mutually chosen between the Buyer and Seller or, failing their agreement, to be chosen by the Auctioneers.
- (d) The test or tests shall only be made when the animal is (in the opinion of the chosen Veterinary Surgeon) in a fit state for testing and in the case of a test for Tuberculosis on an animal in an Attested Herd, after permission has been obtained from the Ministry of Agriculture, Fisheries, and Food. The time for testing shall be limited to three weeks after Sale, with power, however, to the Auctioneers to extend the period of testing from time to time if they, after hearing the chosen Veterinary Surgeon, deem such extension reasonable, and provided that in the case of the Test for Tuberculosis, it shall only be carried out after an interval of not less than thirty days following any previous Test for Tuberculosis.
- (e) The declaration of the chosen Veterinary Surgeon that the animal has been duly tested and the result of his test shall be final and binding on both Seller and Buyer.
- (f) If the animal be so declared not to have passed the test, the Buyer shall have the right to require the Seller to re-purchase the animal at

the price of the original sale. Such requisition shall be notified in writing to the original Seller, and from the date of receipt of such notice the risk and expense of the animal shall be transferred to him.

(g) In any case where the option to test is exercised, the Auctioneers shall be entitled to retain the price until the result of the test is declared.

(h) The expense of any such test or tests shall be borne by the Purchaser.

8. Should an Exposer wish to warrant a bull as being a good server and stock-getter or such other qualified warranty as the Exposer may wish to give, such warranty shall be included and shall form part of the description of the bull as shown in the printed Catalogue. Should a warranty of good service and stock-getter be given, and should it be established subsequent to the Sale that the bull is incapable of service, or while capable of service is incapable of getting stock, a Purchaser shall be entitled, within sixteen weeks from the date of the Sale, to intimate such incapacity to the Vendor, and if such incapacity shall be proved by a Certificate of a Veterinary Surgeon mutually chosen, the Vendor shall be bound to accept delivery of the bull and refund the Purchaser the full purchase price of the bull. To establish a Claim under this condition, the Purchaser must give notice of his claim within sixteen weeks of the Sale. Should the Purchaser and Vendor not agree upon the appointment of a Veterinary Surgeon to examine the bull, the Auctioneers shall appoint a Veterinary Surgeon for this purpose and shall decide by which party the Veterinary Surgeon's fees and expenses shall be paid. In his Certificate the Veterinary Surgeon must state that he has examined the bull, that its impotence or incapacity is not due to injury suffered or illness contracted since the purchase, and that he has also examined the cows or heifers upon which the bull has been tried and found them in a normal breeding state or condition, and he shall give his reasons for declaring the bull ineffective and incapable of getting stock. Notwithstanding the right of the Purchaser to return the bull to the Vendor on the ground of impotency or incapacity, the Vendor shall in no case be liable under this condition for a sum exceeding the amount for which the bull was sold (plus any expenses which may be awarded by the Auctioneers against the Vendor in terms of this paragraph) less its saleable value at the date of the Veterinary Surgeon's Certificate. In respect of bulls purchased for export, no claim under this Article shall be valid unless made prior to the shipment of the bull or within sixteen weeks of the Sale, whichever is the earlier date.

It shall be understood that this guarantee does not operate where a bull from an Attested Herd is sold to go to Non-Attested Premises.

9. All females born after 1st August, 1955, must be certified to have passed the Agglutination Test for Contagious Abortion within three months of date of Sale, or must have been vaccinated. The blood samples for the Agglutination Test must have been taken by a Veterinary Surgeon and submitted by him to an approved laboratory. Animals having passed the test must not, prior to the Show and Sale, come into contact with any animal

that is known to be infected with Contagious Abortion. The entry of any animal which has not passed the Agglutination Test but which has been vaccinated, can only be accepted providing that one of the following certificates (signed by a Veterinary Surgeon) is supplied:—

- (a) That the animal was inoculated with Br. Abortus Vaccine No. 1 (Strain 19) when between four and eight months old and within three years of date of Sale, or
- (b) That the animal having passed the Agglutination Test was then vaccinated within fourteen days with Br. Abortus Vaccine No. 1 (Strain 19) when over eight months old and within three years of date of Sale, or
- (c) That the animal having been previously vaccinated in accordance with either (a) or (b) was re-vaccinated within three years of the previous vaccinations and not more than three years prior to date of Sale.

10. All cows and heifers that are stated in the Catalogue as having been served or artificially inseminated not less than twelve weeks before the date of Sale, or stated as having been running with a bull between dates (the later of which is not less than twelve weeks before date of Sale), will be guaranteed to be in-calf to the service date or between dates and to the bull stated in the Catalogue, unless any alteration is announced at the time of Sale. Heifers which have not had a calf and which are sold unserved shall be so guaranteed. All claims which may be competent under this Condition must be intimated to the Auctioneers within sixteen weeks of the Sale, but in respect of females purchased for export a claim must be made prior to the shipment of the animal or within the said period of sixteen weeks whichever is the earlier date. To establish any claim under this Condition the Purchaser and Vendor shall mutually agree upon a Veterinary Surgeon to examine the animal, and failing agreement a Veterinary Surgeon shall be appointed by the Auctioneers. In his Certificate the Veterinary Surgeon must state that the condition of the animal was not due to any injury or disease contracted since the Sale. Should a claim be established and made as a result of the Veterinary Surgeon's Certificate the Vendor shall be bound to accept delivery of the cow or heifer (as the case may be) and refund to the Purchaser the full purchase price of the animal which shall be at the Vendor's risk and expense as from the date of the notification to the Vendor of the Veterinary Surgeon's decision. Failing agreement between the Vendor and the Purchaser the Auctioneers shall decide by which party the Veterinary Surgeon's fees and expenses shall be paid.

11. No undertaking of the Auctioneers or their servants to take charge of any animal after the Sale or to forward it to its destination shall be held to impose upon the Auctioneers any legal obligation or vitiate any of the foregoing conditions.

12. If any dispute—other than (a) a dispute or question relating to the conduct of the Sale and (b) a dispute for the settlement of which provision has been made in terms of these Conditions—shall arise regarding any Shorthorn animal registered in Coates' Herd Book and sold at this Sale, such dispute shall be referred to the Council of the Shorthorn Society of Great Britain and Ireland as sole Arbiters for settlement, and the decision of the Council shall be final and binding on all parties to the dispute.

13. Private Sale. Each animal entered in the Catalogue must be offered for sale by Auction before any private sale shall be allowed or recognised by the Auctioneers. The usual commission must be paid on all animals afterwards sold privately within the premises of the Auctioneers.

14. Without prejudice to the foregoing Conditions of Sale it is hereby expressly declared that the Exposer by selling and the Purchaser by purchasing any animal in terms of the Conditions of Sale shall be bound by the above Conditions of Sale and shall be bound, where a dispute is referred to a Veterinary Surgeon, to accept the verdict or decision of the Veterinary Surgeon as final and binding on both Exposer and Purchaser. Neither party shall have any recourse to law in respect of said dispute otherwise than on the ground of fraud.

15. The Auctioneer is appointed Judge of the Sale, to whom are hereby submitted all disputes and differences of any kind which may arise at and in relation to the Auction, either between Exposers and Offerers or among Offerers themselves. His decision shall be final and binding on all parties.

5 d 335728 Ramsden Mirabel by Naemoor Marshal		345049 Major Moubray

Served on 3rd August, 1960, by Calrossie Diadem (15657).

The line of sires in this pedigree is worthy of special note.

Kair Dreadnought (sire, the famous Calrossie Crocus Count) was 1st in his class at Perth in 1958, and was purchased for the Burnton, Kair, Morphie, and Glamis Herds at 2000 guineas. From his first crop of calves, Glamis Solid Gold was reserve junior champion at Perth in February last.

Bapton Rita Ramsden, an outstanding young cow, was purchased at the Bapton/Glamis Reduction Sale in 1957, as a very young calf, for 600 guineas. Glamis Rosa Ramsden is her first calf.

Kair Masterkey (sire, the famous Calrossie Crocus Count) was reserve supreme champion at Perth in 1956, when he was purchased for the Glamis Herd at 5600 guineas. He proved an outstanding breeder, siring a reserve supreme champion and many class and group prize winners at Perth. His sons sold up to 2700 guineas, while seven of his daughters sold at public auction averaged over £520. After being used in the Glamis Herd for three seasons, Kair Masterkey was exported at a very high figure to Mr. Vaughan Moore, U.S.A.

Calrossie Diadem was reserve junior champion at Perth in 1959, when purchased at the top price of the Sale (5200 guineas) for the Glamis Herd. His first crop of calves show promise.

Burnton Bankbook, 1st and supreme champion at Perth, was bought for the  
Beaufort Herd at 7300 guineas in 1954. After a year at stud, and in only fair  
condition, he was pulled out to win the supreme championship at the Royal  
Highland Show at Edinburgh in 1955—a very creditable performance. At Perth  
in 1956, Burnton Bankbook's name figured in the list of successful sires—his first  
crop of calves averaging 1013 guineas, while in 1957, at Perth, four of his calves  
averaged 2075 guineas.

# THE BEAUFORT HERD

---

The Beaufort Herd has been fully attested since 1952. It has been the custom to inoculate weaned Heifer Calves between the ages of six and eight months with Strain 19 Vaccine, and the Cow Herd is given a second inoculation as a safeguard when they are five years old.

All the re-tests will be given, and in the case of unserved Yearling Heifers, these can be kept on by the vendor as required till they are safely in calf.

Cattle bought for overseas will be kept free of charge until shipping facilities are available.

Burnton Bankbook, 1st and supreme champion at Perth, was bought for 7300 guineas in 1954. After a year at stud, and only in fair condition, he won the supreme championship at the Royal Highland Show in 1955. At Perth in 1956, his first crop of calves averaged 1013 guineas, while in 1957 four calves averaged 2075 guineas. In October, 1958, three of his daughters topped the Draft Sale, making a total of 1500 guineas. A daughter of Burnton Bankbook, Beaufort Orange Talisman 3rd, was female and reserve supreme champion at the Royal Highland Show at Aberdeen in 1959, and female and supreme champion at the Royal English Show in 1960. Daughters of Burnton Bankbook have done well overseas. He is also the sire of Beaufort Princess Royal 51st, who was female and breed champion at the Northern Counties' Show at Inverness, and supreme champion at the Black Isle Show in 1960.

- (4) **CRUGGLETON PENTLAND FIRTH** was bought privately for 4000 guineas, and bred with great success for three seasons in the Herd, after which he went to Duncrahill for a high figure. His sons include Beaufort Bulldozer, sold at 5000 guineas; Beaufort Broadstairs, sold at 4300 guineas; Beaufort Blackthorne, Beaufort Bartender, and Beaufort Breakwater, all sold for 2000 guineas. Many of the best cows in the Beaufort Herd are by him, and his sons have won championships at Smithfield and Edinburgh.

Beaufort Commodore, sold at 5900 guineas, was champion at the Northern Counties' and Black Isle Shows, and winner of the Casares Cup for the best junior bull at the Royal Highland Show at Dumfries in 1954. In 1955, he was supreme champion at Nairn, while in 1956 he was the supreme champion at the Royal Highland Show at Inverness, and the Keith Show. Sold to Mr. Israel Sieff in 1957, he won championships at the Three Counties', Royal Counties', and Bath & West Shows. His sons and daughters have been prominent in the show ring during the past three years. A daughter, Beaufort Princess Royal 58th, was female and supreme champion at the Nairn Show in 1960. Beaufort Commodore is also the sire of Silver King, male champion and reserve supreme champion at the Royal English Show at Cambridge in 1960 for Mr. Neville Blond.

- (7) **BEAUFORT BULLDOZER** (381567)—sire, Cruggleton Pentland Firth; dam, Orange Talisman by Cruggleton Perfect.

Beaufort Bulldozer was champion at the Keith Show, the only time he was ever shown, and sold to Edellyn Farms, U.S.A., for 5000 guineas. He is out of the same famous cow as Beaufort Boludo, sold for 4000 guineas; Beaufort Orange Blossom, the show heifer sold to the U.S.A. for 1800 guineas; and Beaufort Bremen and Beaufort Blockbuster, who are both standing in leading herds in the Argentine. Five of Beaufort Bulldozer's calves averaged 1914 guineas at Perth in 1954. His first crop of calves at the Chicago International won the male, female, and grand championships. A daughter, Von Ber Mar Broadhooks 3rd, was yearling grand champion at the Iowa and Missouri State Fairs in 1960, and at the Nebraska State Fair in 1959.

- (8) **BANCHORY NOTORIOUS** was used for one season in the herd. He was 1st in his class and reserve male champion at the Nairn and Black Isle Shows in 1957, and early in 1958 was sold to the Arrowhead Ranch, Alberta, for a high figure. A daughter, Beaufort Rothes Baroness 40th, was female champion at Perth in February, 1960, and sold for 600 guineas to the Sussex Herd of Mr. Bournier.

- (9) **CRUGGLETON PIRRET**, a prize winner at Perth in 1953, was the last Marshall-bred bull to enter the ring, where he made 4400 guineas, the second highest price of the Sale. Used for two seasons in the Beaufort Herd, his first four calves, sold at Perth in 1955, won four prizes, including two 1sts, and sold for an average of £2000, while his white, 1st prize Augusta heifer sold for 700 guineas (top price for females). In 1956, two more sons were bought as stock bulls for the well-known herds of Balbithan and Kentwyns. In the interval, Cruggleton Pirret was sold at a high figure to Mr. R. E. Smith of Texas, U.S.A.

- (10) **BEAUFORT CAUTION** (6069) won 2nd prize in his class at Perth in 1957, and was bought for the Shirgarton Herd at 1800 guineas. He won 1st prize in his class at the Royal Highland Show at Dundee in 1957, and 1st prize in his class at the Royal English Show at Norwich in 1957. He is the sire of Shirgarton Ranger, 2nd prize winner in the late-January class at Perth in 1959, and sold for 1000 guineas to Mr. Gilbert Elkin, North Dakota, U.S.A.

Beaufort Cyclotron is by Beaufort Commodore (see Reference to Sires (3)). Cyclotron has been used extensively in the Beaufort Herd and was successfully exhibited at local shows, as well as being 4th in a strong class at the Royal Highland Show at Ayr in 1958. He was sold at Perth in February, 1959, to the Lone Star Ranch, Texas, for a high figure. His dam, Beaufort Princess Pamela 8th, comes from a notable family, and was considered to be the best heifer of her year.

(12) **BEAUFORT CUPTIE** was a prize winner at Perth and at the Royal Highland Show at Edinburgh in 1955. He was male champion and reserve supreme champion at the Nairn Show in 1954, also male champion and supreme champion at the Black Isle and Keith Shows. He was purchased for the Saltoun Herd at 4300 guineas.

(13) **CRUGGLETON GUTHRIE** was sold at the Cruggleton Dispersal Sale for 4000 guineas to Almerhurst Farms, U.S.A. While awaiting shipment, he was used on the Beaufort Herd, and with his sons at Perth in 1955, he was the second top breeding sire of the year.
